I have the honour to state that there is no separate room for the teachers of the Model and training sections for the preparation of lessons and for correction of exercises etc. and the construction of an additional room was reported as one of urgent necessity. The Principal was pressing for the execution of this work since 1942 but this could not be done so far for one reason or other. I therefore request that Government may be pleased to accord their administrative approval to the work at an early date. Kept below

2. The plan and estimate for Rs.5800 and my letter ROC.No.11311 G/46 dated 19-11-1946 are herewith resubmitted. Plans

The necessity for the work in the present case has not been explained by the D.P.I. Under the present financial stringency, no work, however trivial the cost might be, should be taken up for execution unless it is considered essential or urgent. Finance may suggest that the proposal be deferred for the present. If, however E & P.H ~~Commissioner~~ do not agree, they may be requested to ask the D.P.I to explain the necessity & the urgency for the work

2/. The D.P.I. has reported that the execution of the work in question has been held up for one reason or other since 1942, and that an additional room is of urgent necessity or is for orders whether, in view of the high cost of materials and labour prevailing this department may advise that the work may be deferred till next year

D.W. Cole 10.2.47

C.W. 8.2.47

There is already a room for the use of the teachers and the proposal to construct an additional room for the use of the teachers does not seem to be so urgent as to be undertaken at present when the materials and labour are very dear.

The work may be deferred for the present.

E&PH(A)

The proposal is for the construction of an addl room with a verandah attached to the Teachers room in the Govt College, Mangalore at an estimated cost of Rs 5800. This Deptt supports the D.P.I's proposal for the reasons stated by him in his letter on p 5 C.F. Fin. object to the proposal for the reasons mentioned in their note

2/ This is a small and urgent work and the stock arguments that it may be deferred till the end of February and March

~~The Director has proposed the construction of an additional room, both as a specific purpose mentioned copies of, and it may not therefore be correct to argue that the work is not essential as there is already a room for the use of the Teachers. It is for consideration whether this Dept may press the proposal as desired, if need be applied for.~~

For orders whether this Dept may press the proposal
